A special survey of quantity and value of steel imported from U.S.A. and elsewhere and sold during 1966 by respondents to the Monthly Survey of Steel Warehousing was carried out during 1967. The results appear in the accompanying table.

Not all of the firms which reported to the monthly survey of steel warehousing during 1966 responded to the special import survey. The percentage of response is shown in the table. This ratio was used to estimate total imports, assuming the proportion of imported steel was approximately the same for those who failed to respond as for those who did.

## MONTHLY SURVEY OF STEEL WAREHOUSING

## ENQUÊTE MENSUELLE SUR L'ENTREPOSAGE D'ACIER

JANUARY - 1970 - JANVIER

Data published in this report are based on a monthly survey of steel warehousing firms. In case reports cannot be obtained from large operators, the relevant items are not shown. A revised monthly series will be published in an Annual Supplement.

Les données publiées dans ce bulletin sont basées sur un recensement mensuel des firmes du secteur de l'entreposage d'acier. Chaque fois que l'on ne peut obtenir de renseignement d'un exploitant important, les postes correspondants ne figurent pas. Une série mensuelle révisée fera l'objet d'un supplément annuel.

MONTHLY SURVEY OF STEEL WAREHOUSING

ENQUÊTE MENSUELLE SUR L'ENTREPOSAGE D'ACIER

JUNE - 1970 - JUIN

Data published in this report are based on a monthly survey of steel warehousing firms. In case reports cannot be obtained from large operators, the relevant items are not shown. A revised monthly series will be published in an Annual Supplement.

Les données publiées dans ce bulletin sont basées sur un recensement mensuel des firmes du secteur de l'entreposage d'acier. Chaque fois que l'on ne peut obtenir de renseignement d'un exploitant important, les postes correspondants ne figurent pas. Une série mensuelle révisée fera l'objet d'un supplément annuel.

Les données publiées dans ce bulletin sont basées sur un recensement mensuel des firmes du secteur de l'entreposage d'acier. Chaque fois que l'on ne peut obtenir de renseignement d'un exploitant important, les postes correspondants ne figurent pas. Cette publication se termine avec la présente édition, l'enquête ayant été discontinuée.
